Biblical...

Apologetic...

Scientific

## ABOUT

Beginner's Week is a 30-hour, 5-day program that immerses the student in various science and technology disciplines like Robotics, Astronomy, Logic, Engineering and more. It introduces the student to apologetics and worldviews all the while demonstrating how science confirms the Bible. The student will be challenged to ponder the big questions and explore the assumptions behind the secular and biblical worldviews.

Some activities include:

- Constructing and programming robots and drones
- Comparing secular and biblical worldviews
- Extracting DNA
- Identifying fallacies
- Observing the heavens
- Making sedimentary rock layers
- Chemical Reactions
- Electromagnetism
- Logic games and puzzles

This opportunity is equivalent to approximately 36 (50 min.) science lessons. Apply the time towards an elective science or technology credits for your child. This opportunity typically runs Mon-Fri 9AM – 3:30PM.

Designed for ages 9 – 18, the course is designed to challenge the students thinking and includes theological and philosophical concepts which will be simplified for the younger students. A minimum of 6 students required, a max of 12 students allowed. Cannot guarantee night time observation with telescopes, if weather does not permit.

This opportunity is a great VBS or Christian camp opportunity to host at your church or facility. See our [HOSTING](#) page for more details or contact us.

## COST

The cost for each student is \$180 which includes materials.

## AVAILABLE TIMES

Check our [EVENTS](#) page and view the Calendar to see if any Beginner's Week opportunities are upcoming and have available seating. No Beginner's Week available? Contact us to schedule one.

## POLICIES

Please read our polices before enrolling your student. Our polices are located at the bottom of our website or click the following to review:

- [Registration/Cancelation](#)
- [Non-Discriminatory](#)
- [Safety & Security](#)
- [Behavior & Dress](#)

## CREDIT ACCREDITATION GUIDELINE

Beheld the Serpent S.T.E.A.M Academy uses the Carnegie unit system as its guideline for accreditation. This opportunity best fits the time logging method. Click to view our [Credit Accreditation Guideline](#).

## TAX EXEMPT NON-PROFIT

Beheld the Serpent S.T.E.A.M Academy is a tax exempt non-profit corporation. All donations are tax deductible. Would you please consider a donation to our organization today?
